

MOBILE PHONES – STUDENT USE

PURPOSE

To explain to our school community the Department’s and William Ruthven Secondary College’s policy requirements and expectations relating to students using mobile phones and other personal mobile devices while onsite.

SCOPE

This policy applies to:

1. All students at William Ruthven Secondary College and,
2. Students’ personal mobile phones and other personal mobile devices brought onto school premises, including before school and after school, and during recess and lunchtime.

DEFINITIONS

A mobile phone is a telephone with access to a cellular (telecommunication) system, with or without a physical connection to a network. “For the purpose of this policy, “mobile phone” refers to mobile phones and any device that may connect to or have a similar functionality to a mobile phone such as earphones, headphones, air pods, and smart watches with access to a cellular system.”

POLICY

William Ruthven Secondary College understands that students may carry a personal mobile phone to and from school, particularly if they are travelling independently.

At William Ruthven Secondary College:

- Students who choose to bring mobile phones to school must have them switched off and out of sight once they enter the school grounds and then securely stored in their lockers throughout the day, including recess and lunchtime.
- Exceptions to this policy may be applied if certain conditions are met, for example, staff may apply to allow students to use mobile phones during class time as per WRSC form.
- When emergencies occur, parents or carers should reach their child by calling the school’s office.

Personal mobile phone use

In accordance with the Department’s [Mobile Phones – Student Use Policy](#) issued by the Minister for Education, students’ personal mobile phones must not be used at William Ruthven Secondary College while onsite, including before school and after school, and during recess and lunchtime, unless an exception has been granted. Where a student has been granted an exception, the student must use their mobile phone for the purpose for which the exception was granted, and in a safe, ethical, and responsible manner.

Secure storage

Mobile phones owned by students at William Ruthven Secondary College are considered valuable items and are brought to school at the owner's (student's or parent/carer's) risk. Please note that William Ruthven Secondary College does not have accident insurance for accidental property damage or theft. Students and their parents/carers are encouraged to obtain appropriate insurance for valuable items.

Where students bring a mobile phone to school, William Ruthven Secondary College will provide secure storage via a lockable locker. Secure storage is storage that cannot be readily accessed by those without permission to do so. At William Ruthven Secondary College students are required to store their phones either in their lockable lockers or handed into the school administration office to be placed in a lockable cupboard.

Enforcement

Students who use their personal mobile phones inappropriately at William Ruthven Secondary College will be asked to hand the phone to a staff member who will then log the phone at the front office for the student to collect at the end of the day. If a student refuses a staff member's instruction the matter will be followed up by YLL as per our SWPBs processes.

At William Ruthven Secondary College inappropriate use of mobile phones is any use on the school site, unless an exception has been granted, and particularly use of a mobile phone:
